LARGEST SEED FARM IN THE WORLD

Few people in Redwood realize that
within the past year there has been
established, adjoining the eastern
boundary of this city, the largest seed
farm in the world, and of such
magnitude that the result of its op-
erations reaches the four corners of
the earth. The seed farm, which em-
braces nearly the whole of the Swee-
ney property, and includes an area of
335 acres, is operated by Major
Braslian of San Jose. For the past
three months over 500 men have been
employed in sowing this extensive
area to onions, celery, lettuce and
sweet peas. The work of breaking the
ground was done through the medium
of a monster 65-horse power traction
engine to which was attached sixteen
plows, cutting the soil to a depth of
twelve inches. From morning till
night during the planting season, this
big engine when at work covered five
miles every time it made a circuit of
the field. It was followed by a force
of men with harrows and discs
which pulverized and smoothed the
soil. Then came another crew who
laid out and marked the rows for the
planters, and lastly came the seed
men—some 200 or 300 who planted the
seed by hand. They were accompanied
by superintendents who oversaw the
work that it might be done properly,
that no man shirked his duty.

The public little appreciate what all
this extensive effort means and mere
figures convey but indefinite mean-
ing, yet something of the volume of
the work may be understood when it
is explained that 2,600,000 pounds of
onion bulbs must be planted by the
human hand to produce the enormous
quantity of onion seed which is to
be raised on this ranch alone. This,
too, means indefinite detail. As each
bag is opened and the contents are
spread on the ground, careful selection
is made so that no mixture can
take place in the propagating of the
seed. Each onion is handled individ-
ually. It is interesting to note the
number of bulbs that are handled
and it is safe to say 100,000,000 have
been placed in the ground in this
ranch, each bulb being planted by hand.

While the greater part of the farm
has been devoted to the culti-
vure of onion seed, the growing of let-
tuce, celery and sweet peas is of no
small magnitude. The working force
consists mainly of Chinese and
Japanese, although a large number of
white men are employed. For its
better handling the work is divided
into departments, each having its own
superintendent, while over the whole
institution is the manager who with
Major Braslian has active charge of the
work. In addition to the men that
are employed on the farm there are
seventy-five head of work horses. The
farm has its own blacksmith and
horse-shoeing shop which is fully
equipped to handle the work of the
farm which is no small item.

The men are housed in comfortable
quarters, each having his own room
and the meals are served in an im-
mense structure over two hundred feet
long and forty feet wide in which
several hundred may be accommodated
at one time. So perfect is the din-
ing-room service that the entire force
may be served inside of 20 minutes
after sitting down.

Each department of this ranch has
its head and that man is held respon-
sible for the conduct of business under
his care. Major Braslian does not
know any of the men of the rank
and file, but he is in constant touch
with the managers and the superin-
tendents and looks to them strictly
for results. The personnel equipment
system and discipline on this big seed
farm may be compared with the con-
duct of affairs on a great battleship, so
methodically is every effort directed.
Everybody is working and everything
moves on the moment.

Major Braslian owns large seed
ranches at Centerville, Newark, Sun-
nyvale, Edenvale, Coyote and other
places. He says that the products of
these ranches reach every ham-
let and town in the United States and
Canada, and outlets for the trade are
found in Havana, New Zealand, China
England and all foreign countries.
Yet he considers that seedgrowing in
the Santa Clara valley is still in its
infancy.

The Sweeney ranch is the largest
and best conducted seed ranch in the
world at the present time and when
in bloom, it will be one of the show
places of California for beauty in
floral culture and display.

FOR SALE.

To close an estate, near Porterville, in Tulare county; 1400 acres at \$10 per acre; all rolling land, well watered and wooded with oak trees. One of the best stock ranches in the state, with plenty of outside range. Have sold fat beef cattle from this range to local butchers on April 1st. No hay fed in winter.

Also 1500 acres dairy land under the famous Tulare irrigation canal, 2 level land every foot of which can be irrigated; plenty of water all the year round for green feed. Four and five miles from creamery and cheese factory, cash paid for produce every two weeks.

Any dairyman in San Mateo county whose lease is about to terminate and who is tired of feeding for six months in the year and paying rental on high priced land will do well to investigate this ranch. The land will double in price in two years and can now be purchased for \$80 per acre on terms to suit. Will subdivide in 100 acre tracts if desired at same price.

ROYAL WORCESTER and BONTON CORSETS have stood pre-eminent for half a century as the leading corsets of the world for style, fit, quality, durability and workmanship, and this season's models are a triumph in the art of corset making. Every corset virtue is exemplified in Royal Worcester and Bon Bon Corsets, the result of exhaustive and continual study of the ever-changing fashions.

The new designs embody exquisite style and gracefulness, conforming strictly with the present dress requirements, and impart that individuality and correctness of figure so much sought for by discriminating women.

REDFERN WHALEBONE CORSETS—The Standard of Corset Fashion—The Foundation of a Perfect-Fitting Gown.

The new fashions are known as Directoire, and in this mode are many ideas, all of which require careful corseting.

Through their cut and trimming mode current fashions should convey the impression of unbroken lines. The figure foundation required for accentuating this new effect must not exaggerate the natural curves of the waist and hips, but only slightly define the waist and scientifically reduce the hips and abdomen, so that the whole figure is given the appearance of NATURAL SLIMNESS. Redfern Models produce this truth.

Rubber Button Hose Supporters are attached to these models.

\$3 to \$15 per pair according to materials.

Style 531

An informal wedding took place in Trinity Episcopal church Thursday, when John David Arnott was united in marriage to Rosetta Victoria Clack by Rev. Chinn. The church was prettily decorated for the occasion. The ceremony took place at 1 o'clock and was witnessed by a large number of friends and well wishers. Mrs. Arnott is a contractor and builder of Palo Alto and has a lucrative business. After the young couple return from their honeymoon they will reside in the college town.

The Hoitt school, formerly located at Fair Oaks, but now at Evergreen Park, has been incorporated, the articles being filed Tuesday in the County Clerk's office at San Jose. Doubtless the most artistic and beautiful country home on the peninsula is the Flood place. The beauty of the property is being materially increased by the extensive improvements in progress there. The most important of these improvements is the fence that has been constructed along the mile frontage on the Middlefield road at a cost of \$75,000. The base of this fence is of brick work and this is surmounted by a granite coping, giving a most excellent effect. Two large gates have been erected, one at the main entrance near the lodge and the other at the northerly end of the property. These gates are twenty-five feet in height and are surmounted by large ornamental lamps. The large grounds are also being extensively improved and the whole property put in fine shape. The home was created a quarter of a century or more ago by the late James C. Flood. The grounds are ample and laid out in charming landscape effects, and the mansion is perhaps the finest country residence in California. For some years after Mr. Flood's death the home remained unoccupied, and then was decided by Miss Jennie Flood to the state university. It could not be utilized for educational purposes and was taken back by Miss Flood, who gave the university a cash

equivalent. It then came into the possession of James L. Flood, who has occupied it for several years.

The announcement of the marriage of Jacques Estacillo and Miss Marjorie has been made. The ceremony was performed some two weeks ago and has been kept a secret until this week when Jack disclosed the happy event to his friends.

Anti-Japanese Society Meets

With delegates from the Asiatic Exclusion League and the anti-Japanese Laundry League of San Francisco, Oakland and San Mateo and Santa Clara counties, a big meeting was held Saturday night in Odd Fellows' Hall under the auspices of the Peninsula anti-Japanese Laundry League for discussion and explanation of the objects of the laundry associations. Practically every laundry owner in the peninsula and the Santa Clara valley was represented at the meeting in addition to a large number of employees who were urged to attend the conference.

The arrangements for the meeting which was followed by a banquet, were in the hands of the officers of the local league: Frank J. Miller of Redwood City, president; B. W. Fairfield of Palo Alto, secretary, and Jacques Chanteloup of San Mateo treasurer.

Added strength was gained by the local league through their conference this evening those in charge of the anti-Japanese leagues throughout the state being much gratified with the strength shown in the peninsula by the laundrymen.

Auto Races at Tanforan.

The Automobile Dealers' Association of California held a meeting last week at which it was decided to hold an automobile race meet on December 6th at Tanforan Track.

President Max Rosenfeld was in the chair and a representative gathering of the members attended the meeting. The meet will probably be the greatest speed exhibition ever held on the coast as a number of drivers whose names are known in every part of the country, will be here with their racing cars, and the fastest machines that have ever been brought to the coast will be seen in competition. E. A. Moross, who looks after the business affairs of Barney Oldfield, and Charlie Soules were at the meeting and said that these two great drivers would be on hand. Oldfield and Soules have been racing under Moross' management and their racing cars are now in California on a freight train bound for this city. Christie will ship his car immediately and be here in time for the races.

The dealers have already secured the permission of the California Jockey Club to use Tanforan track on the 6th of next month, and it is likely that a request will be made for Saturday, December 6th, in case the dealers decide to make the race meet a two-days' affair.

Wild Man Still at Large.

In the hills near the Spring Valley Lakes a demented patient from Dr. Gardner's Sanitarium at Belmont has been eluding a band of pursuers for a week past.

Last week he succeeded in making his escape, clad in a suit of pajamas, but was captured late in the afternoon. He was thought to have been safely incarcerated, but in less than an hour had again eluded his nurse, and although a most thorough search has been kept up, no trace of him has been found. The unfortunate man is of medium height, about 40 years of age, and a Mexican by birth. He is said to be well connected.

Crocker Donates Trees.

After the usual business meeting an exceedingly enjoyable social session was held by the Burlingame woman's club Thursday. A musical program was given by the music section as follows: sketch of the life of Mendelssohn, Dr. Florence V. Power; the Duetto, Miss McGauley; Spring Song, Mrs. L. E. Pennington; O Wert Thou in the Cold Blast, Mrs. Deutcher, Mr. Ezmeta.

W. H. Crocker has donated 100 trees to the club. These will be planted in the parks near the station.

The election of officers will take place at the next meeting, December 4.

Discussed Annexation

An important meeting was held last evening at the Homestead school, where the question of annexation with great interest was discussed. This meeting was called independently of the committee appointed by the Board of Trade. As the question of annexation is most important, every property owner in the Homestead attended the meeting and discussed the matter with his neighbors. At present there is a great diversity of opinion among the residents. These meetings are purposely called to exchange ideas upon the subject, and when it comes to voting upon the question all will cast intelligent ballots.

The American Concert band an organization of 30 artists, under the direction of C. W. Melville comes to the Alhambra next Saturday evening. They offer a large and varied program by the best composers, making it an event never to be forgotten. Seats are now on sale at Ryan's Drug Store.

PICKED UP BY REPORTERS

Automobiles passing this burg should observe the county ordinance and thereby avoid accidents. The law specifies that autoists traveling at night shall carry front and rear lights; when on a grade should keep to the outside; speed limited to ten miles an hour. It seems the drivers of the "red devil" have no regard for life or limb.

Samuel H. Taylor, who escaped from the county jail in San Francisco last Saturday, was seen here Wednesday. He was on his way to the mountains and looked half starved. He was seen at Belmont on the morning of the same day, and the officers were close on his heels, but he managed to elude them at that place. He is no doubt in hiding in the mountain frstness in this vicinity. Taylor was convicted of murder in the second degree in San Francisco and sentenced to serve twenty years in San Quentin. He had been a cook in a grading camp.

A wedding will take place here on December 19th at the home of Mrs. C. Dalve. Her daughter Hulda is to be united in marriage on that date to James Warren of San Francisco. The young couple will reside in the metropolis. She has spent the greater portion of her life here, where she is held in high esteem. Mr. Warren is a prominent young business man.

An important meeting was held last evening at the Homestead school, where the question of annexation with great interest was discussed. This meeting was called independently of the committee appointed by the Board of Trade. As the question of annexation is most important, every property owner in the Homestead attended the meeting and discussed the matter with his neighbors. At present there is a great diversity of opinion among the residents. These meetings are purposely called to exchange ideas upon the subject, and when it comes to voting upon the question all will cast intelligent ballots.

A wild man was seen by F. R. Crovallo on last Tuesday making his way to the Allen ranch. He was almost nude and had an abundant growth of whiskers. Crovallo made an attempt to stop him but he ran like a deer and was soon under cover of the thick brush. He was seen there about two weeks ago.

"The Family" has taken an option on the twenty-five acres of land, including the Redwood Grove of the Kelly ranch, and the deal may be closed at most any time. "The Family" is an offshoot of the Bohemian Club of San Francisco, and is one of the fashionable clubs of the city. The institution intends to beautify the grounds, put up buildings to be used for clubhouses and erect swing tanks. The high links of the club will be held here. This is a most beautiful spot, picturesque and with a beautiful view of the valley. The club paid a stiff price for the property.

On Sunday evening a very quiet wedding was solemnized in the Catholic church, when James J. Keegan and Miss Myra Fitzgerald were united in the holy bonds of matrimony.

The ceremony was performed by the Rev. Father Callaghan, who had known the happy couple since their birth. The bride was attended by her sister, Miss Rita Fitzgerald, while John J. Frill officiated as best man. After the ceremony the newly married couple departed on their honeymoon trip amid showers of congratulations and best wishes of the small party of relatives and most intimate friends who had been bidden to the wedding. Their destination is a secret known only to themselves. On their return they will take up their permanent residence here.
